Guidelines Used to Create Adopted Precincts

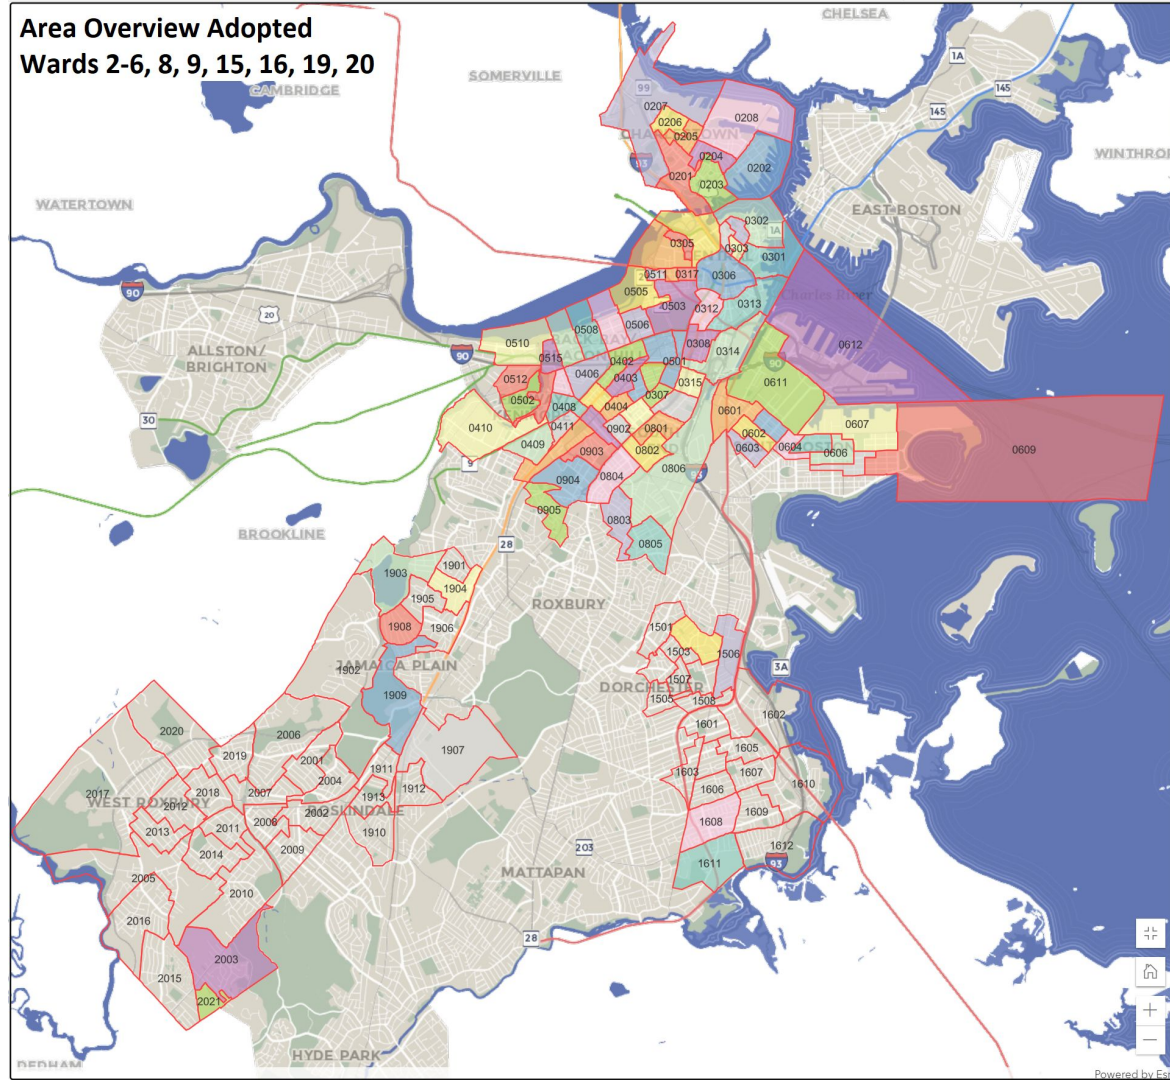

- Wards with precincts that contained more than 3000 registered voters were considered for this review.
- Use of Block Groups within each Ward to create precincts.
- Keep precincts at 2000 Voters with a margin of +/- 10%.
 - Adjustments were made to certain precincts to eliminate sub-precincts caused by redistricting from State Legislature.
- Use of linear features such as roadways, railroads, waterways and/or other easily identifiable features as allowed, to use as precinct boundary lines. Neighborhood lines were also taken into consideration.
- Use of projected residential growth was taken into consideration.
